Dear Mr. Poll,

EPA is in the process of reviewing all TAGs as their time comes to expire to look at best practices for long-term programmatic management of grants and to determine if the closing of the grant and re-announcing of a new grant is warranted. In the interim, EPA is extending the S. Weber TAG grant for a period of 90 days while we more closely review the TAG.

Attached to this email is Assistance Amendment E which extends the South Weber Coalition TAG (1 00882501) to July 30, 2016. It is not necessary for you to sign and return this assistance amendment, but please keep a copy for your records.

If you have any questions regarding the 90 day time extension, or the TAG review process, we would be more than happy to set up a time to discuss further. Please feel free to contact Lindsay Seeger by phone at 303-312-6564 or by email at [seeger.lindsay@epa.gov](mailto:seeger.lindsay@epa.gov) or Sisay Ashenafi at 303-312-6138 or via email at [ashenafi.sisay@epa.gov](mailto:ashenafi.sisay@epa.gov).

Best regards,
